<b>Coordinator</b>	Anna Perez	<b>E-mail</b>	<a href="mailto:anna.perez@muhc.mcgill.ca">anna.perez@muhc.mcgill.ca</a>
<b>Site</b>			
The Research Institute of the MUHC (1001 Decarie Boulevard, Montreal, QC, H4A 3J1)			
<b>Elective Description</b>			
<p>An opportunity exists to be part of a cutting edge COVID19 Biobank Research team, the MUHC COVID19 Biobank, which is a repository for healthcare data and biological samples mandated by the Government of Quebec. Please see the Biobank website: <a href="https://www.bqc19.ca/en">https://www.bqc19.ca/en</a></p> <p>Students should have some experience with using the OASIS online medical charts, REDcap and/ or Excel databases for this elective, as tasks will include using a combination of online tools as part of research coordination training.</p> <p>Students interested must complete required online ethics modules that build capacity of key human rights issues related to clinical research and certification as part of their training. Opportunities exist to learn how to screen and consent participants for approved research projects at the MUHC, Glen site.</p>			
<b>Elective Duration</b>			
4-8 weeks			
<b>Educational Objectives</b>			
Students will expand their medical bioinformatics capacity, practical clinical research coordination skills and understanding, and expand their research network.			
<b>Scope of Work</b>			
Clinical Research Coordination for Biobanks			
<b>Recommended Reading/Preparation</b>			
<a href="https://www.bqc19.ca/en">https://www.bqc19.ca/en</a>			
<b>Elective Booking</b>			
To book this elective, please email Anna Perez. Once you have confirmation that your elective is			

approved, submit an elective request through the UGME Portal and upload the email from Anna as your acceptance letter/project description.
