Made by trailblazers, risk-takers, and dreamers

For nearly 200 years, McGillians have made history, blazing new trails in virtually every field.

Our students win more national and international awards on average than their peers at any other Canadian university. This success stems from a simple philosophy: we believe that ideas are made to be challenged. At McGill, we inspire each other to dream big, to try our best, and to achieve more than we ever thought possible.

/ 12 Nobel Prizes / 145 Rhodes Scholars / #1 in Canada of medical-doctoral schools (2021 Maclean’s University Rankings) / #31 in the world (QS 2021 University Ranking) / International Sustainability Institution of 2019 (International Green Gown Awards)
Follow Your Passions. Keep Learning.

At McGill, you’ll explore different ways to learn. You’ll work as part of a team and challenge yourself in individual projects. Debate face-to-face in small seminars and online platforms. Take workshops on creative thinking and leadership, and volunteer in the community.

Whether in the lab or virtual environment, at our idyllic Macdonald campus or in the field, you’ll be guided by experts who are tackling the major issues of our time. We’ll help you develop the curiosity and the skills to realize your dreams.

McGill University is located on land that has long served as a site of meeting and exchange amongst Indigenous peoples, including the Haudenosaunee and Anishinabeg nations. McGill honours, recognizes and respects these nations as the traditional stewards of the lands and waters on which we meet.
