

Procedure for Requesting Reconsideration of a Fall 2021 Admission Decision

For applicants to undergraduate degree programs in: Agricultural and Environmental Sciences (Macdonald Campus), Arts (B.A.), Architecture, B.A. & Sc., Dietetics & Human Nutrition, Education (including Kinesiology), Engineering, Management, Nursing, Occupational Therapy, Physical Therapy, Science, and Social Work.

For programs not listed above, inquiries regarding reconsideration should be addressed to the appropriate admissions office.

An applicant who was denied admission to one of the above programs may submit a request for reconsideration. **The deadline to submit a request is June 15.**

Note that **Special, Visiting, Exchange** and **University Transfer** applications are considered for admission on the basis of space available and requests for reconsideration are not possible. Likewise, omitting to submit the request for **Test Optional Assessment** by the deadline is not a basis for requesting reconsideration for **US applicants**.

For a request to be considered, you must:

1. **Mail** a certified cheque or money-order in the amount of \$100CAD*, payable to McGill University, to:
Request for Reconsideration
Director of Admissions
McGill University
3415 McTavish Street
Montreal, QC H3A 0C8
Canada
2. **Complete** the [Request for Reconsideration web form](#) including information (maximum 100 words) in support of reconsideration such as:
 - a description of significant change in your circumstances that was not previously noted in your application,
 - correction of any missing or erroneous information in your application, or
 - information that you believe may have been overlooked when the original decision was made.The Admissions Office will contact you by email if additional information should be required.
3. **Submit** the [Request for Reconsideration web form](#)
Note: You must mail the certified cheque or money-order before submitting the form, as you will be required to confirm the date the payment was mailed.

Important:

- The original admission decision stands unless it is officially changed by the Admissions Office. A change to the admission decision will be communicated by email and will also show in your Minerva account.
- During the last three years, less than 1% of admission decisions have been overturned following reconsideration. The number of applications to McGill University generally far exceeds the number of spaces available and competition for many programs is intense; many good, highly motivated students are not admitted.

* only cheques in CAD (or US funds equivalent to \$100CAD) are acceptable.
